

Overview of BBSRC sLoLa Call Registration on Key Survey

BBSRC sLola Call Registration

The aim of the sLola call registration is to ensure outline proposals are appropriately targeted to this call and to provide an early indication of the level of demand. Potential applicants (Principal Investigators) **must** register their interest in the call by 22nd June 2018 by completing the keysurvey below. Failure to register will preclude application to the call.

BBSRC may contact Research Organisations that appear likely to submit large numbers of outlines with the aim of moderating demand if the need becomes evident.

Q1. Details of the anticipated team. All applicants must meet BBSRC's eligibility criteria (see BBSRC's Grants Guide <https://bbsrc.ukri.org/documents/grants-guide/>)
