BBSRC RESEARCH FELLOWSHIPS HANDBOOK 2020

Full details of BBSRC Research Fellowship schemes can be found on the web at bbsrc.ukri.org/skills/leadership/how-fellowships/

Revised January 2020
ENQUIRIES

BBSRC Fellowships are administered by UK SBS Ltd. Enquiries relating to pre-award application processing, peer review and post-award administration should be directed as follows:

Pre-award application processing queries
GrantsServiceDesk@rcuk.ac.uk or 01793 867120

In the first instance for any post-award administration queries please refer to the Cross Council Terms & Conditions which can be found at www.ukri.org/files/funding/ukri-fec-grant-terms-and-conditions-jun19-pdf/ or consult with your admin/finance office for further guidance.

Where you are requesting a change to an existing grant please refer to the Je-S web link je-s.rcuk.ac.uk/Handbook/Index.htm – select Grant Maintenance Requests from the list for guidance.

For any other guidance which is not covered in the above and general enquiries regarding BBSRC Fellowships please contact
postdoc.fellowships@bbsrc.ac.uk

For enquiries relating to BBSRC’s scientific remit, email
bbsrc.ukri.org/research/science-remit/

For enquiries about policy issues and the Fellowship Agreement, email
avril.ferris@bbsrc.ukri.org

For enquiries about the monitoring and assessment of fellows’ progress, email
darren.pirt@bbsrc.ukri.org

CLOSING DATE FOR RECEIPT OF PROPOSALS IN 2020

Details of the UK Research and Innovation Future Leaders Fellowships scheme can be found on the call page at www.ukri.org/funding/funding-opportunities/future-leaders-fellowships/
1. **INTRODUCTION**

1.1 This Handbook is issued by the Biotechnology and Biological Sciences Research Council (BBSRC). It provides information about the fellowship schemes offered by the Council to enable scientists to undertake independent research. These awards are for postdoctoral researchers who have demonstrated high potential during their research training and period of postdoctoral research.

1.2 The information provided in this Handbook applies to all fellowships awarded in response to proposals submitted with 2020 closing dates. The regulations relating to fellowships awarded in response to earlier schemes remain as set out in the relevant Handbook.

1.3 For fellowships available in the 2020 competition, candidates and their host institutions should be aware that UK Research and Innovation (UKRI) have agreed a common set of terms and conditions covering grants and fellowships. All fellowships awarded in the 2020 competition will be made under these terms, please refer to: https://www.ukri.org/files/funding/ukri-fec-grant-terms-and-conditions-jun19-pdf/

2. **BBSRC REMIT**

2.1 All fellowship projects supported by BBSRC must be within BBSRC’s scientific remit. Full information about the science covered by the BBSRC is available on the BBSRC website at bbsrc.ukri.org/research/science-remit/. All remit enquiries should be emailed to remit@bbsrc.ac.uk.

2.2 BBSRC is particularly keen to see proposals which demonstrably support the priorities established in its Forward Look for UK Bioscience and Delivery Plan https://bbsrc.ukri.org/news/planning/. Potential applicants are strongly encouraged to read these documents before preparing their proposal.

2.3 It is essential that applicants for a BBSRC fellowship ensure that their proposal is written in such a way that the aims and fit of the proposed research to BBSRC remit are clear. Failure to clearly demonstrate how the proposal meets BBSRC remit requirements may lead to the proposal being withdrawn from the round.

3. **HOW TO APPLY**

3.1 BBSRC uses the Je-S (Joint electronic Submission) fellowship proposal form. Proposals for BBSRC fellowships must be made through the Je-S system and all proposals must be submitted electronically through the host institution. Applicants should note that the Je-S electronic form is the only form that will be accepted for BBSRC fellowship proposals.

3.2 Detailed help text on how to complete fellowship proposals and the necessary attachments that need to be submitted with proposals can be found on the BBSRC website on the relevant fellowship webpage. Applicants are strongly advised to refer to this help text to ensure that the required information is included in their proposal.

3.3 Applicants and their host institution both need to register to submit fellowship proposals
through the Je-S system. Those applying through Je-S for the first time need to check that they have a Je-S account that allows them to submit proposals. This should be done well in advance of the fellowship closing date, ensuring that sufficient time is allowed for the host institution’s submission process to take place. Queries regarding the Je-S system should be referred to the Je-S HelpDesk on 01793 444164 (Mon-Fri 8.30am-5pm) or JeSHelp@rcuk.ac.uk.

3.4 Candidates may only submit one proposal for a BBSRC research fellowship each year.

3.5 Applicants for a BBSRC Discovery Fellowship or David Phillips Fellowship are not permitted to simultaneously apply to the UK Research and Innovation Future Leaders Fellowship call. However, applicants may seek grant support for other projects, from specific Research Councils or other funders’ calls, while their BBSRC fellowship is under consideration. Any fellowship or grant submissions under consideration at the time of application should be noted in the ‘Other Support’ section of the proposal form. Applicants detailing multiple submissions will not be penalised during the assessment process.

**Flexible and family-friendly arrangements**

3.6 Proposals are encouraged from:

- Candidates seeking a flexible working arrangement (e.g. part-time). With such awards, the time devoted to the research must be equivalent to at least 50% of a normal full-time working week. The value of an award under flexible working arrangements will be on a pro rata basis

- Candidates currently employed in industry. Proposals will be handled with maximum flexibility, and arrangements for joint funding by the current employer and the Council are possible

3.7 **Information for European Economic Area Applicants** – please refer to guidance on the UKRI website regarding the effects of EU exit (https://www.ukri.org/research/international/ukri-eu-exit/eu-exit-people-mobility/).

3.8 Candidates from countries outside the European Economic Area should note that they must comply with UK immigration and work permit requirements.

3.9 **Information for Non-European Economic Area Applicants** – From 20 February 2020 all successful applicants who require a visa to work in the UK will be eligible to be considered under the Global Talent visa route. In line with the highly prestigious nature of these awards, this visa route is designed for international researchers, who bring new ideas and perspectives, enriching the UK’s research and innovation workforce and enables the holder to be both adaptable and flexible during their research in the UK.

3.10 The grant of any visa is always subject to the standard Home Office general grounds for refusal of a visa. UKRI is able to provide additional guidance regarding the appropriate evidence required to complete the visa application process under the Global Talent visa.
Please contact fellowtier1info@rcuk.ac.uk for further details.

4. HOST ORGANISATION

Eligibility of host organisation

4.1 BBSRC fellowships can be held at any UK university or BBSRC-sponsored institute. Applicants are responsible for agreeing suitable arrangements with the institution concerned before submitting a proposal, and for ensuring that there are adequate, accessible and appropriate high-quality facilities available for the research proposed.

Choice of host organisation and support

4.2 BBSRC places considerable weight in the awarding of fellowships on evidence that the applicant has given full and careful consideration to the choice of institution. In all cases, the choice of institution should relate to the research environment and scientific infrastructure of the selected institution. The reasons for the choice of host and the commitment and support offered to the Fellow by the research organisation should be made clear in the proposal. Please note that, when assessing the research environment, the panel will take into account personal and domestic circumstances which may restrict a fellow’s choice of host. Applicants will not be disadvantaged based on this. Please ensure this is clearly stated in your proposal.

4.3 In addition to this, applicants are now required to detail specific support offered by their host organisation. The template, to be completed by the Head of Department, should be attached to their proposal as a Head of Department Statement. Fellows are encouraged to refer back to this document throughout their fellowship to ensure they access the support promised to them. Although it is the responsibility of the host department to attach this document to the proposal, it is the fellow’s responsibility to ensure that it is completed on time and that it has been attached prior to submission of the full proposal.

Collaborations

4.4 Applicants who intend to continue collaborating with existing supervisors or researchers, or whose fellowship programme will be dependent on new collaborations, must provide supporting letters as an attachment to the Je-S proposal form indicating the agreement of the collaborator(s) to the proposed collaboration. In addition, applicants will also need to provide evidence of support from the Principal Investigator of the proposed host research group and/or from the Head of Department depending on which scheme they are applying to.

5. FINANCIAL ARRANGEMENTS

Full Economic Costing (fEC)

5.1 All fellowships will be applied for and awarded under Full Economic Costing (fEC). Fellowship applicants are required to submit costed research proposals in line with the
guidelines in the BBSRC Research Grants Guide. The Research Councils will fund 80% of the total costs approved. In particular, applicants should pay attention to the RCUK report Efficiency 2011-15: Ensuring Excellence with Impact, published in March 2011. This guidance relates to requests for equipment included on proposals submitted to the Research Councils and is available on the UKRI website at www.ukri.org/files/funding/tcs/equipment-guidance-pdf/.

5.2 Discovery Fellowship applicants can claim up to a maximum of £300k (80% fEC) and can include a personal salary as well as support for travel and subsistence, research consumables and training activities. David Phillips Fellowship applicants can claim up to a maximum of £1M (80% fEC). All resources must be fully justified as part of the proposal. Relocation expenses of up to £2000 can also be claimed and must be costed into the proposal if applicable. This must be included within the maximum permitted fellowship costs.

5.3 All costs requested must be fully justified in the “Justification of Resources” attachment to the Je-S fellowship proposal form. BBSRC reserves the right to adjust the level of funding in line with normal research grant procedures or to disallow any items requested. Once approved the fellowship award will be cash limited and not supplemented during the fellowship.

5.4 All fellowships will normally be awarded and paid through the employing institution, regardless of where the fellowship is actually held.

Attending BBSRC events

5.5 During the period of a BBSRC fellowship, the fellow will be required to attend various conferences and other meetings arranged by BBSRC to discuss progress under the fellowship. Some of these costs must be budgeted for at the proposal stage (see Annex 2) as, once awarded, BBSRC fellowships will not be supplemented to meet these costs. In addition, fellows may be required to attend other events, such as specific training activities and other networking events. Please note that arrangements can be made to accommodate accessibility or childcare issues when attending BBSRC events. Fellows should contact the office after being invited to discuss.

6. ASSESSMENT PROCESS

6.1 Proposals for all fellowship schemes are assessed by BBSRC’s Committee E against the set assessment criteria for the individual scheme. Criteria used will allow assessment of the potential of the applicant, the excellence and feasibility of the research project, and the suitability of the proposed research environment. In addition to the scientific environment, demonstrations of support for the fellow from the host institution (as described in paragraphs 4.2 and 4.3) will also be taken into account as part of the research environment.

6.2 Unless otherwise stated in an individual call, as part of the assessment process fellowship applicants are required to nominate six referees who are familiar with their research area, but who are not people with whom they have had, or intend to have, a research collaboration or who work at the applicant’s present or proposed institution. In addition, BBSRC selects a number of independent reviewers to provide assessments on candidates and their proposed research programmes. BBSRC reserves the right to
make the final selection of independent and nominated referees.

6.3 Fellowship proposals will be reviewed by a combination of applicant nominated and BBSRC Office sourced reviewers prior to further assessment by Committee E. Reviewers will be seeking to identify candidates with great scientific potential who have given careful thought to their future career development.

6.4 From the 2020 fellowships round applicants will be given the opportunity to respond to comments from the reviewers. Responses will be considered by the Committee in making its decision. BBSRC will not enter into correspondence or discussion concerning reviewer comments prior to the assessment meeting. Any further feedback, if available, will be provided after the meeting.

Confidentiality

6.5 BBSRC takes all reasonable steps to ensure the contents of fellowship proposals are kept confidential. The proposal form and any associated papers provided by BBSRC to referees and members of Committee E are sent “In Confidence” and are accompanied by a note explaining the implications of confidentiality. Referees and Committee members involved in assessing proposals may need to consult in confidence with colleagues about individual fellowship proposals. Where this happens, the confidentiality criteria must be adhered to by the consultees.

Interviews

6.6 Short-listed candidates will be called for interview. BBSRC will meet the costs of travel to and from the interview by the most economical means and other necessary expenses. These costs do not need to be included in your proposal.

Outcome of proposals

6.7 Applicants can normally expect to be notified of the outcome of their proposals within seven months of the closing date of the scheme. The Council’s decisions are final.

7. FELLOWSHIP AWARD TERMS AND CONDITIONS

7.1 The terms and conditions applying to the fellowship grant are those applying to BBSRC research grants unless otherwise stated: see the BBSRC Grants Guide.

Employment status

7.2 Fellows must be employed by the host research organisation for the duration of the fellowship. The employing institution is required to give an undertaking to this effect as part of the proposal.

Financial arrangements

7.3 The funding to support a BBSRC fellowship is normally provided to the institution which employs the fellow.
Starting date

7.4 Applicants should ensure that the proposed start date is realistic, taking account of the period required to process the proposal. **Please note:** awarded Fellows will be required to commence their fellowship on, or near to, the start date stipulated in their proposal, therefore applicants must ensure that they are in a position to do so. Requests to significantly alter the stated start date will be considered only in exceptional circumstances. All fellowships must commence by July at the latest following notification of an award.

Use of data

7.5 Scientific titles and abstracts, and limited personal data from successful fellowship proposal forms are recorded in BBSRC’s databases for the purposes of administering the fellowship and the monitoring of equality, diversity and inclusion, and on databases of research activities which are publicly available via the BBSRC website. The information may be used in BBSRC publications and for other reporting purposes. Fellows must notify BBSRC in writing if they do not wish personal data or information that could affect intellectual property rights to be transferred to publicly available databases or to be used in publications. In these circumstances, fellows must provide alternative summaries of their fellowship which can be made publicly available.

Simultaneous awards

7.6 BBSRC fellowships may not be used to supplement, or be supplemented by, any other fellowship. If any other award is received or expected during the tenure of a BBSRC fellowship, BBSRC must be advised immediately so that an appropriate adjustment to the BBSRC award can be considered.

Applying for research grants

7.7 In addition to the fellowship research support grant, as a lecturer level position, BBSRC David Phillips fellows are eligible to apply, through their employing institution, for research grants from BBSRC. BBSRC Office supports fellows who wish to apply for additional grant funding, from BBSRC or other funding agencies. However, proposals for further research grants should not be made where this would result in a fellow becoming diverted from the planned fellowship research programme.

7.8 Fellows must contact BBSRC for approval prior to applying for significant additional funding. BBSRC will provide advice and support at the early stages to ensure that fellows have clear strategies in place for managing multiple portfolios of research. A written case to BBSRC will be required that clearly demonstrates that there is no overlap with the fellowship project and that the new proposed work complements the fellow’s existing research. Where further proposals are made under fEC, fellows should not apply for the costs of their time on the research grant where this is already covered by their BBSRC fellowship.

**Note:** the Discovery Fellowship does not grant fellows the eligibility to apply for BBSRC research grant funding. However, should a Discovery fellow gain the offer of a lecturer
level post they may be eligible as above. Fellows should contact BBSRC Office for guidance.

7.9 Proposals for BBSRC research grants can be submitted at any time during tenure of the fellowship. Where the period of the research grant extends beyond the completion date of the fellowship and the fellow does not hold an appropriate tenured position, the employing institution must agree formally to employ and meet the fellow’s salary costs for that period of the research grant which extends beyond the completion of the fellowship. However, under fEC, the host institution can apply for salary costs of the time the fellow spends on the project as normal. In such cases, work on the research grant must be undertaken and completed at the employing institution.

BBSRC studentships

7.10 David Phillips fellows may be supervisors on BBSRC studentships, provided that they are in a position to offer effective supervision of the student for the full duration of the studentship award. Note: Discovery fellows are not eligible to act as the primary supervisor on a BBSRC studentship but can co-supervise students

Reporting progress

7.11 Fellows should ensure that their information and research outputs are entered into the researchfish® system (www.researchfish.net) in a timely manner. Fellows are also required to submit annual updates of their progress throughout the fellowship which are considered by Committee E. As part of this process, comments are also required from David Phillips fellows’ Heads of Department, and from Discovery fellows’ host group Principal Investigator. Fellows must continue to update researchfish® with their outcomes for five years after the end date of their fellowship.

7.12 In addition to the annual updates that are required from all BBSRC fellows, David Phillips fellows are required to give an oral presentation of their work to a BBSRC Fellowship Progress Review Group (FPRG) during the second year of their award, when their progress will be assessed. Written feedback will be provided to each fellow based on the oral feedback given by the FPRG following the fellow’s presentation.

7.13 Fellows are also required to complete a final progress update and an exit survey on completion of the fellowship; the relevant forms will be sent to them at the appropriate time. Details will be considered by Committee E and written advice provided to each fellow.

7.14 The exit survey, final progress update and final financial expenditure statement must be submitted within three months of completion of the fellowship. Failure to submit this may result in the recovery by BBSRC of sums paid to the institution under the BBSRC fellowship. BBSRC will not consider any further proposals for funding from the fellow if the final update and/or the final financial expenditure statement remains outstanding.

Extensions
7.15 Fellows must contact BBSRC Office for advice prior to submitting an official request via the Je-S system if they are considering either suspending or extending the duration of their fellowship. All such requests must be approved by BBSRC Office.

Relocation of fellowship

7.16 The choice of institution is an important aspect of the proposal and the selection of BBSRC fellows. Requests to relocate a fellowship to a different institution during the course of the award are examined very carefully. The scientific and career development case for relocation must be clearly set out demonstrating the benefits of the move, including statements from both institutions involved. BBSRC also takes account of any compelling domestic reasons for a move. Fellows wishing to request a move should submit the case to BBSRC several months in advance of the proposed date for relocation to allow time for consideration by Committee E. Please note: Fellows are required to contact BBSRC for advice prior to submitting a formal request via the Je-S system.

7.17 In the event of a fellowship transferring to a different institution, BBSRC reserves the right to reduce the final claim from the first institution, on a pro-rata basis, should the claim be deemed excessive in relation to the period spent to date on the fellowship.

Termination of awards

7.18 If a fellow discontinues the research or takes up other or additional paid employment before expiry of the award, BBSRC must be informed immediately. The fellowship will then be terminated on the day preceding discontinuation of research or the commencement of such employment. BBSRC will recover any monies paid in advance for the period remaining.

7.19 BBSRC reserves the right to reduce the final claim, on a pro-rata basis, should the claim be deemed excessive in relation to the period spent to date on the fellowship.

7.20 An award may be terminated, or its conditions varied, at the discretion of BBSRC.

Post-fellowship monitoring

7.21 To help assess the value of the BBSRC research fellowship schemes and to provide information on the career paths of trained scientists, BBSRC maintains statistics on the careers of its fellows after the end of their fellowship. To assist with this monitoring, fellows are requested to provide information about subsequent employment at the end of their fellowship, and all fellows are required to give an address to which further requests for information can be sent from time to time. Fellows are also encouraged to join the BBSRC Fellow’s LinkedIn group (www.linkedin.com/groups/8178318).

8. OTHER REGULATIONS RELATING TO BBSRC DISCOVERY FELLOWSHIPS

Purpose
8.1 The Discovery Fellowship (DF) scheme is offered by BBSRC to enable scientists to undertake independent research within a host laboratory and to start moving towards being fully independent research leaders. These awards are for early-career scientists who have demonstrated high potential during their research training and initial years of postdoctoral research. **Note:** The Principal Investigator of the proposed host laboratory should hold their post for the duration of the fellowship and be of at least lecturer level or equivalent.

**Availability**

8.2 There are up to 10 BBSRC Discovery Fellowships available for the 2020 competition.

**Eligibility**

8.3 To be considered eligible applicants should have a PhD or be expecting to have undergone successful PhD viva prior to 30 November 2020. Applicants should not hold, or have held, an academic position of lecturer level (or the equivalent in institutions other than universities) or an equivalent competitive fellowship that provides the opportunity to establish an independent research group and therefore independent researcher status. Nor should they have had an offer of such an appointment prior to the commencement of a fellowship, if awarded. This applies to both fixed term and permanent positions.

8.4 BBSRC would consider fellowships where the applicant is eligible to supervise PhD students or submit research grants as a PI as equivalent to a lecturership. For example, Wellcome Trust Sir Henry Dale Fellowships, MRC Career Development Awards or NERC Independent Research Fellowships (this is not an exhaustive list and applicants should contact BBSRC Office if they are unsure of the eligibility of specific fellowships). **Note:** holders of postdoctoral training fellowships such as the Marie Sklodowska-Curie Actions can apply. Royal Society Dorothy Hodgkins Fellows who meet the research experience eligibility requirement outlined above may also apply.

8.5 In addition, applicants will normally have no less than three years of active postdoctoral research experience. **Please note that if applicants have previously applied for BBSRC grant funding as a Principal Investigator or Co-Investigator (therefore confirming that they hold a lecturer level or equivalent post) they are not eligible to apply for a fellowship.**

8.6 Prospective applicants on university “tenure track” fellowships should contact postdoc.fellowships@bbsrc.ukri.org to discuss their eligibility.

**Period of the fellowship**

8.7 Discovery fellowships are awarded for a period of three years subject to satisfactory progress.

**Proposal assessment criteria**

8.8 Proposals will be assessed on the following assessment criteria:

- Project:
Scientific quality and feasibility of the proposed research project
Timeliness of the research project and how it will advance the field

• Person:
  Track record
  Evidence of independence and leadership
  How the fellowship will advance the applicant’s career (this should be detailed in the career development plan)

• Research environment:
  The scientific environment of the host department and institute
  Evidence of career and professional development support (for example access to mentoring programmes, training events etc.)
  Evidence of research support (for example additional financial support, access to core facilities etc.)
  Please note that, when assessing the research environment, the panel will take into account personal circumstances which may restrict a fellow’s choice of host, and applicants will not be disadvantaged based on this. Please ensure this is clearly stated in your proposal.

Expectations

8.9 BBSRC’s commitments to holders of Discovery fellowships, the obligations of fellows, and the Council’s expectations of the fellow and their host institution, are set out in the Fellowship Agreement at Annex 1.

8.10 In submitting a proposal for a BBSRC Discovery fellowship, both the applicant and the proposed host institution are giving undertakings that they are prepared to respect the provisions of the Fellowship Agreement, in addition to the terms and conditions under which the fellowship grant is awarded.

Salary and other costs

8.11 As part of the proposal for a BBSRC Discovery fellowship, applicants may seek support up to a maximum of £300k (80% fEC) for a personal salary as well as support for travel and subsistence, research consumables and training activities over the three year period of the fellowship. Please note: BBSRC will provide funds of up to £300k (80% of the full economic cost) for a fellowship. The total costs (100% full economic cost) requested may be up to £375k.

8.12 The fellow’s starting salary applied for under the Discovery scheme should be agreed by the applicant in consultation with their host institution, and in accordance with their standard recruitment and employment practices. The level of appointment should be fully justified in the proposal.

8.13 Successful applicants and their employing institutions will be informed at the outset of the level of the research support grant which BBSRC will provide.

David Phillips fellowship mentor
8.14 Based on information provided by the DF, a current or past holder of a David Phillips fellowship will be matched to the DF to act as a mentor and provide general professional and personal support to the DF outside the fellow’s host institution. Under the Discovery Fellowship Agreement, the host institution will be visited annually by the fellow’s designated mentor during the fellowship. The mentor should be available for support throughout.

Induction training

8.15 Discovery fellows are required to attend an induction event arranged by BBSRC prior to or at the start of the fellowship. BBSRC will meet necessary travel and incidental costs associated with attendance on the course. Further details will be provided at the award stage of a fellowship.

Training

8.16 Discovery fellows are required to consider their training needs and submit a Career Development Plan as part of their proposal. The costs for meeting these training needs should be included in the grant and fellows should ensure that training activities on the plan are carried out. Training undertaken should be highlighted in the annual progress update.

8.17 In addition, Discovery fellows are required to attend a number of mandatory events and training courses, some of which must be costed into the grant. A list of these can be found in ANNEX 2.

9. ADDITIONAL REGULATIONS RELATING TO BBSRC DAVID PHILLIPS FELLOWSHIPS

Purpose

9.1 BBSRC David Phillips fellowships are designed to support outstanding scientists in the early stages of their research careers who wish to establish themselves as independent researchers. In making these awards, BBSRC will be seeking to identify scientists who could be expected to be among the leaders of their generation of bio-scientists and applicants should demonstrate that a BBSRC David Phillips fellowship will be of benefit to them, their science and BBSRC.

Availability

9.2 There are normally up to five BBSRC David Phillips fellowships available each year.

Eligibility

9.3 There is no limit on the number of years of postdoctoral experience that an applicant can have. However, to be considered eligible applicants should not hold, or have held, an academic position at lecturer level (or the equivalent in institutions other than universities) or an equivalent competitive fellowship that provides an opportunity to establish an independent research group and therefore independent researcher status. Nor should
they have had an offer of such an appointment prior to the commencement of a fellowship, if awarded. This applies to both permanent and fixed term positions.

9.4 BBSRC would consider fellowships where the applicant is eligible to supervise PhD students or submit research grants as a PI as equivalent to a lectureship. For example, Wellcome Trust Sir Henry Dale Fellowships, MRC Career Development Awards or NERC Independent Research Fellowships. Note: holders of postdoctoral training fellowships such as the Marie Sklodowska-Curie Actions can apply. Royal Society Dorothy Hodgkins Fellows who meet the research experience eligibility requirement outlined above may also apply.

9.5 In addition, applicants will normally have no less than three years of active postdoctoral research experience. Please note that if applicants have previously applied for BBSRC grant funding as a Principal Investigator or Co-Investigator (therefore confirming that they hold a lecturer level or equivalent post) they are not eligible to apply for a fellowship.

9.6 Prospective applicants on university “tenure track” fellowships should contact postdoc.fellowships@bbsrc.ukri.org to discuss their eligibility.

Period of the fellowship

9.7 BBSRC David Phillips fellowships are awarded for a period of five years, subject to satisfactory progress. Please refer to paragraph 3.6 for information on flexible working.

Proposal assessment criteria

9.8 Proposals will be assessed using the following assessment criteria:

- **Project:**
  - Scientific quality and feasibility of the proposed research project
  - Timeliness of the research project and how it will advance the field

- **Person:**
  - Track record
  - Career trajectory
  - Evidence of independence and leadership
  - How the applicant will use the fellowship to establish themselves as a research leader
  - How the applicant will use the fellowship to develop their own skills, and the skills of their research team

- **Research Environment:**
  - The scientific environment of the host department and institute
  - Evidence of career and professional development support (for example access to mentoring programmes, training events, clear plan for tenure track etc.)
  - Evidence of research support (for example additional financial support or research staff, access to core facilities etc.)
Please note that, when assessing the research environment, the panel will take into account personal circumstances which may restrict a fellow’s choice of host, and applicants will not be disadvantaged based on this. Please ensure this is clearly stated in your proposal.

Expectations

9.9 BBSRC’s commitments to holders of David Phillips fellowships, the obligations of fellows, and the Council’s expectations of the fellow and their host institution, are set out in the Fellowship Agreement at Annex 1. It is based on the premise that, in scientific matters, a BBSRC David Phillips fellow will be treated by the host institution in the same way as its established lecturer level academic staff.

9.10 In submitting a proposal for a BBSRC David Phillips fellowship, both the applicant and the proposed host institution are giving undertakings that they are prepared to respect the provisions of the Fellowship Agreement, in addition to the terms and conditions under which the fellowship grant is awarded.

Salary

9.11 The fellow’s starting salary applied for under the David Phillips scheme should be agreed by the applicant in consultation with their host institution, and in accordance with their standard recruitment and employment practices. The level of appointment should be fully justified in the proposal.

Research support grant

9.12 As part of the proposal for a BBSRC David Phillips fellowship, applicants may seek a research support grant (in line with BBSRC Research Grants) of up to £1M (80% fEC) over the five-year period of the fellowship. This is to support the costs of the research that is to be undertaken. Successful applicants and their employing institutions will be informed at the outset of the level of the research support grant which BBSRC will provide. Please note: BBSRC will provide funds of up to £1M (80% of the full economic cost) for a fellowship. The total costs (100% full economic cost) requested may be up to £1.25M.

Committee E mentor

9.13 Based on information provided by the fellow a member of BBSRC’s Committee E will be matched to the fellow to act as an additional source of general professional and personal support outside of the fellow’s host institution. Under the Fellowship Agreement, the host institution will be visited by the fellow’s designated mentor within the first year of the fellowship, and the mentor should be available throughout the fellowship. Note: To ensure confidentiality of the mentoring relationship, the Committee E mentor will play no part in the consideration of the annual updates provided by the fellow to Committee E.

Training
9.14 David Phillips fellows are required to consider their training needs and submit a Career Development Plan as part of their proposal. The costs for meeting these training needs should be included in the grant and fellows should ensure that training activities on the plan are carried out. Training undertaken should be highlighted in the annual progress update.

9.15 In addition, David Phillips fellows are required to attend a number of mandatory events and training courses, some of which must be costed into the grant. A list of these can be found in Annex 2.
1. **OTHER FELLOWSHIP SCHEMES SUPPORT BY BBSRC**

**Daphne Jackson Fellowships**

1.1 These are awards, administered by the Daphne Jackson Trust, designed to return science, technology, engineering or mathematics (STEM) professionals to careers in STEM after a career break of 2 or more years for family, caring or health reasons. The award supports fellows to update their skills and carry out a research project.

1.2 The fellowships allow flexible working arrangements: most current awards are on a part-time basis. Candidates whose proposed area of study falls within BBSRC’s remit should refer to the Trust’s Web pages (www.daphnejackson.org/) or contact the Daphne Jackson Trust, Department of Physics, University of Surrey, Guildford, Surrey GU2 7XH (DJMFT@surrey.ac.uk) for further information and guidance on proposals.

**Enterprise Fellowships**

1.3 One of the barriers encountered by academics in taking forward their business ideas is the difficulty in balancing the growing need for commercial awareness and developing the idea, with the demands of their academic duties. In order to alleviate this problem, BBSRC in collaboration with the Royal Society of Edinburgh has developed an Enterprise Fellowship scheme to encourage the development of a new business, building on previously funded BBSRC research, around a technological idea developed by the Fellow (either individually or with others) and within which the Fellow would be expected to play a leading (though not necessarily the leading) role.

1.4 The scheme provides:

- A year’s salary to provide time to develop a full business plan and seek investment
- Business training to help develop the required skills
- Access to mentors, business experts and professional advisors.

1.5 The scheme is run on a competitive basis with two closing dates per annum (Autumn and Spring). Proposals are assessed by an expert Panel which recognises the aims of the scheme. Further details can be obtained at bbsrc.ukri.org/funding/filter/enterprise-fellowships/.

**Discontinued fellowships: Translational Fellowships**

1.6 Following the award of a Translational fellowship, additional support will be made available through a mandatory interchange using our Flexible Interchange Programme (FLIP). A FLIP application would need to be submitted in the future to access any additional support; this is dependent upon the FLIP scheme running.
Fellowship Agreement for BBSRC Discovery Fellows

1. Foreword

1.1 This Fellowship Agreement is intended to clarify the relationships between the Biotechnology and Biological Sciences Research Council (BBSRC), its Discovery Fellowship (DF) holders, and their host institutions. It sets out the Council’s commitments to DF holders (section 2 below), the obligations on fellows (section 3) and BBSRC’s expectations of the institutions which undertake to host them (section 4).

1.2 The Fellowship Agreement supplements the BBSRC Research Fellowships Handbook, and the BBSRC Research Grants guide, and should be read in conjunction with these.

1.3 When submitting a proposal for a fellowship, both the applicant and their proposed host institution are required to give undertakings that they are prepared to abide by the regulations, terms and conditions set out in the BBSRC Research Fellowships Handbook, and the additional provisions contained in this agreement. Enquiries about the Fellowship Agreement should be addressed to the relevant contact email identified in section 5 below.

2. Commitments by BBSRC

The Council will:

2.1 Provide the fellow with named contacts in the BBSRC Office for enquiries about the fellowship and deal promptly and efficiently with communications from the fellow or his or her host institution.

2.2 Notify the fellow individually in writing of any changes to the terms and conditions of their fellowship.

2.3 Treat personal information held by BBSRC about the fellow in accordance with the requirements of the Data Protection Act 1998.

2.4 Pay promptly to the host institution the funds provided by BBSRC in support of the fellowship, in accordance with the Research Councils’ profiled payments procedures for research grants.

2.5 Match the fellow to a mentor who is a current or past holder of a BBSRC lecturer-level Fellowship – who will: provide an additional source of general professional and personal support outside the fellow’s host institution and be available to answer questions and provide advice to the fellow regarding their next career step.

2.6 Invite the fellow to an induction kick-off event which will provide:

   (i) Guidance on:
       a. The Fellowship Agreement
b. BBSRC’s administrative procedures  
c. General research management issues  
d. The range of research being carried out by the fellows

(ii) An opportunity to meet other new fellows and BBSRC staff

2.7 Provide opportunities for the dissemination of information about the fellow’s research to a wider audience through BBSRC’s publications and other initiatives to promote the public understanding of science.

2.8 Offer general advice on best practice for the management of intellectual property arising from the fellow’s research.

3. Responsibilities of the Fellow

The fellow will be required to:

3.1 Devote the whole of their usual working time to the research programme approved by BBSRC. The fellow may also devote reasonable time to activities associated with the protection or exploitation of intellectual property arising from their research (see paragraph 3.8 below).

3.2 Carry out the fellowship proposal in accordance with the Council’s terms and conditions for research grants to support the programme approved by BBSRC.

3.3 Seek BBSRC’s prior approval of any major changes to the objectives of their programme, or of any proposal to move to a different host institution or department.

3.4 Attend the mandatory events and training courses listed in Annex 2.

3.5 Fellows should ensure that their information and research outputs are entered into researchfish® in a timely manner. Fellows are also required to complete entry and exit surveys and to submit brief annual updates of their progress to BBSRC.

3.6 Participate in the annual visit to the host institution by their mentor.

3.7 Inform BBSRC promptly if the need arises to put the fellowship in abeyance because of their absence on extended sick leave or maternity/paternity leave or for any other reason.

3.8 Seek to identify, protect and exploit any intellectual property arising from the fellowship programme, in line with BBSRC’s policy for knowledge transfer set out in the BBSRC Grants Guide.

3.9 Acknowledge the support of BBSRC in any publications, posters, presentations etc. arising from their research.

3.10 Inform BBSRC of any media coverage or other publicity arising from the fellowship programme.
3.11 Provide information to BBSRC about their research for use in the Council's publications, exhibitions or other initiatives to promote the public understanding of science, or otherwise required by the Council in carrying out its functions of supporting scientific research and training.

3.12 Contribute, if requested, to BBSRC’s peer review mechanisms by commenting as a referee on grant proposals or reports from other researchers.

3.13 Provide BBSRC with a final progress update, and information about their subsequent employment on completion or resignation of the fellowship, together with a contact address to facilitate the Council’s monitoring of career paths.

4. Responsibilities of the Host Institution

The host institution is expected to:

4.1 Provide fellows with a statement of their terms and conditions of employment, in accordance with statutory requirements.

4.1 Accord the fellow the status and benefits of other academic staff of similar seniority.

4.2 Integrate the fellow within the scientific activities of the host department, whilst ensuring that he or she is able to maintain the independence and focus of his or her personal research programme.

4.3 Ensure that the fellow is aware of their responsibilities and that the research programme is carried out in compliance with all relevant legislation (including any new regulations which become effective during the tenure of the fellowship), and with the principles set out in the BBSRC Statement on Safeguarding Good Scientific Practice.

4.4 Ensure the fellow receives guidance, without stifling their development as an independent researcher, from their host group Principal Investigator to whom they can turn as a source of personal support and advice.

4.6 Fulfill their obligations as an Employer In accordance with the revised “Concordat to Support the Career Development of Researchers” (2019) (https://www.vitae.ac.uk/policy/concordat), ensuring the fellow has a healthy working environment, good employment conditions and is adequately supported to develop their career.

4.5 It is expected that the host RO demonstrates significant support for the fellow. All support should be agreed between the prospective fellow and the host organization upon application, and should be detailed in the Head of Department host support template, which must be uploaded as part of the proposal.

(i) At a minimum the host is expected to provide:

a. The basic facilities and equipment needed to carry out his or her research programme approved by BBSRC

b. The same opportunities as the institution’s established staff for access to:
i. Dedicated laboratory and office space  
ii. Specialised equipment  
iii. Technical assistance and research support services  
iv. Funds for travel to attend conferences or for other external scientific interaction  
v. Staff training opportunities  
vi. Formal mentoring programmes  
vii. Professional advice on the management of intellectual property and knowledge transfer

(ii) It is also expected that the host provide support above and beyond the basics, including for example:

a. Financial contribution towards consumables  
b. Equipment, or a contribution towards equipment  
c. Additional staff or students, or access to pool staff time  
d. Additional support for training (e.g. funding to travel overseas to develop a new technique) or career development  
e. Other financial support

4.6 Ensure both sound financial management of the funds provided for the fellowship, and the fellow's grant is used in accordance with the Council’s terms and conditions for research grants to support the research programme approved by BBSRC.

4.7 To host an annual visit from the mentor matched to the fellow during the period of the fellowship.

5. BBSRC Office Contacts

Enquiries about fellowship proposals – abigail.reynolds@bbsrc.ukri.org.

Enquires about policy issues, the Fellowship Agreement, annual updates and monitoring and assessment of progress – avril.ferris@bbsrc.ukri.org

Enquiries about the administration and payment of fellowship awards – gfmt@bbsrc.ac.uk

Please cc' postdoc.fellowships@bbsrc.ac.uk into any correspondence regarding fellowships.
Fellowship Agreement for BBSRC David Phillips Fellows

1. **Foreword**

1.1 This Fellowship Agreement is intended to clarify the relationships between the Biotechnology and Biological Sciences Research Council (BBSRC), its David Phillips fellows, and their host institutions. It sets out the Council’s commitments to holders of fellowships (section 2 below), the obligations on fellows (section 3) and BBSRC’s expectations of the institutions which undertake to host them (section 4). The agreement is based on the premise that in scientific matters a fellow will be treated by their host institution in the same way as its established academic or science staff.

1.2 The Fellowship Agreement supplements the BBSRC Research Fellowships Handbook, and the BBSRC Research Grants guide, and should be read in conjunction with these.

1.3 When submitting a proposal for a fellowship, both the applicant and their proposed host institution are required to give undertakings that they are prepared to abide by the regulations, terms and conditions set out in the BBSRC Research Fellowships Handbook, and the additional provisions contained in this agreement. Enquiries about the Fellowship Agreement should be addressed to the relevant contact email identified in section 5 below.

2. **Commitments by BBSRC**

The Council will:

2.1 Provide the fellow with named contacts in the BBSRC Office for enquiries about the fellowship and deal promptly and efficiently with communications from the fellow or his or her host institution.

2.2 Notify the fellow individually in writing of any changes to the terms and conditions of their fellowship.

2.3 Treat personal information held by BBSRC about the fellow in accordance with the requirements of the Data Protection Act 1998.

2.4 Pay promptly to the host institution the funds provided by BBSRC in support of the fellowship, in accordance with the Research Councils’ profiled payments procedures for research grants.

2.5 Match the fellow to a mentor from the Council’s Committee E – who will: visit the fellow’s host institution within the first year of the fellowship and provide an additional source of general professional and personal support outside the fellow’s host institution and be available to answer questions and provide advice to the fellow regarding their next career step.
2.6 Invite the fellow to an induction kick-off event which will provide:

(i) Guidance on:
   a. The Fellowship Agreement
   b. BBSRC’s administrative procedures
   c. General research management issues
   d. The range of research being carried out by the fellow

(ii) An opportunity to meet other new fellows, members of Committee E and BBSRC staff

2.7 Regularly follow the fellow’s progress and provide career development advice from Committee E and formal feedback from the Fellowship Progress Review Group (FPRG) based on the second year update (see paragraph 3.5 below).

2.8 Provide opportunities for the dissemination of information about the fellow’s research to a wider audience through BBSRC’s publications and other initiatives to promote the public understanding of science.

2.9 Offer general advice on best practice for the management of intellectual property arising from the fellow’s research programme.

3. Responsibilities of the Fellow

The fellow will be required to:

3.1 Except as otherwise allowed, devote the whole of their usual working time to the research programme approved by BBSRC. The fellow may undertake up to an average of six hours teaching per week (inclusive of all preparatory work and related examination duties) during normal academic term-time, provided this does not hinder the progress of the fellowship programme. The fellow may also devote reasonable time to activities associated with the protection or exploitation of intellectual property arising from their research (see paragraph 3.9 below), and to career and personal development activities for themselves or their team.

3.2 Carry out the fellowship proposal in accordance with the Council’s terms and conditions for research grants to support the programme approved by BBSRC.

3.3 Seek BBSRC’s prior approval of any major changes to the objectives of their programme, or of any proposal to move to a different host institution or department.

3.4 Attend the mandatory events and training courses listed in Annex 2.

3.5 Ensure that their information and research outputs are entered into researchfish® in a timely manner. Fellows are also required to complete entry and exit surveys and provide BBSRC with annual informal updates. During the second year of the fellowship fellows are required to make a formal oral presentation to the BBSRC Fellowship Progress Review Group.

3.6 Participate in the visit to the host institution by their Committee E mentor.
3.7 Act as a mentor to a relevant Discovery Fellow in consultation with BBSRC.

3.8 Inform BBSRC promptly if the need arises to put the fellowship in abeyance because of their absence on extended sick leave or maternity/extended paternity leave or for any other reason.

3.9 Seek to identify, protect and exploit any intellectual property arising from the fellowship programme, in line with BBSRC’s policy for knowledge transfer set out in the BBSRC Grants Guide.

3.10 Acknowledge the support of BBSRC in any publications, posters, presentations etc. arising from their research.

3.11 Inform BBSRC of any media coverage or other publicity arising from the fellowship programme.

3.12 Provide information to BBSRC about their research for use in the Council’s publications, exhibitions or other initiatives to promote the public understanding of science, or otherwise required by the Council in carrying out its functions of supporting scientific research and training.

3.13 Contribute, if requested, to BBSRC’s peer review mechanisms by commenting as a referee on grant proposals or reports from other researchers.

3.14 Fulfill their obligations as a manager of researchers in accordance with the revised “Concordat to Support the Career Development of Researchers” (2019) (www.vitae.ac.uk/policy/concordat), ensuring that any research staff they manage have a healthy working environment, good employment conditions and are adequately supported to develop their careers.

3.15 Provide BBSRC with a final progress update, and information about their subsequent employment on completion or resignation of the fellowship, together with a contact address to facilitate the Council’s monitoring of career paths.

4. **Responsibilities of the Host Institution**

The host institution is expected to:

4.1 Provide fellows with a statement of their terms and conditions of employment, in accordance with statutory requirements.

4.2 In scientific matters, accord the fellow equivalent status to its established academic or scientific staff.

4.3 Integrate the fellow within the scientific activities of the host department, whilst ensuring that he or she is able to maintain the independence and focus of his or her personal research programme.

4.4 Allow the fellow to devote themselves to the research programme approved by BBSRC, without expecting them to take on additional management responsibilities,
administrative duties or teaching commitments, or requiring them to seek additional funding.

Ensure that the fellow is aware of their responsibilities and that the research programme is carried out in compliance with all relevant legislation (including any new regulations which become effective during the tenure of the fellowship), and with the principles set out in the BBSRC Statement on Safeguarding Good Scientific Practice.

4.5 Ensure the fellow receives support, without stalling their development as an independent research leader, from a more experienced colleague to whom they can turn as a source of personal support and advice (this internal mentor should be independent of the host department’s line management structure, and should not normally be the fellow’s previous supervisor at either the postgraduate or postdoctoral level).

4.6 Fulfill their obligations as an Employer In accordance with the revised “Concordat to Support the Career Development of Researchers” (2019) (https://www.vitae.ac.uk/policy/concordat), ensuring the fellow has a healthy working environment, good employment conditions and is adequately supported to develop their career.

4.7 Ensure that in keeping with the BBSRC Vision for postdoctoral researchers, any Postdoctoral Research Assistants employed as part of the fellowship are supported to identify their training needs (for both scientific and non-scientific skills) and are encouraged to take the steps necessary to address these needs as part of their continuing professional development.

4.8 It is expected that the host RO demonstrates significant support for the fellow. All support should be agreed between the prospective fellow and the host organization upon application, and should be detailed in the host support template, which must be uploaded as part of the proposal.

(iii) At a minimum the host is expected to provide:

a. The basic facilities and equipment needed to carry out his or her research programme approved by BBSRC
b. The same opportunities as the institution’s established staff for access to:
   i. Dedicated laboratory and office space
   ii. Specialised equipment
   iii. Technical assistance and research support services
   iv. Funds for travel to attend conferences or for other external scientific interaction
   v. Staff training opportunities
   vi. Formal mentoring programmes
   vii. Internal and external competitions for grants and studentships (subject to any restrictions imposed on the fellow by BBSRC, and without necessarily expecting them to seek additional funding)
   viii. Professional advice on the management of intellectual property and knowledge transfer

(iv) It is also expected that the host provide support above and beyond the basics, including for example:

a. Financial contribution towards consumables
b. Equipment, or a contribution towards equipment  
c. Additional staff or students, or access to pool staff time  
d. Additional support for training (e.g. funding to travel overseas to develop a new technique) or career development  
e. Other financial support

4.9 Review internally the implementation of the proposed research programme at an early stage in the fellowship, and monitor the fellow's subsequent progress by means of regular updates of their scientific achievements and personal development.

4.10 Provide BBSRC's Committee E with an annual written update of the fellow’s progress, including an update from his or her head of department at the times required by BBSRC.

4.11 Ensure sound financial management of the funds provided for the fellowship, and that the fellow’s research support grant is used in accordance with the Council’s terms and conditions for research grants to support the research programme approved by BBSRC.

4.12 To host a visit from the mentor matched to the fellow from BBSRC’s Committee E within the first year of the fellowship.

5. **BBSRC Office Contacts**

Enquiries about fellowship proposals – abigail.reynolds@bbsrc.ukri.org.

Enquires about policy issues, the Fellowship Agreement, annual updates and monitoring and assessment of progress – avril.ferris@bbsrc.ukri.org

Enquiries about the administration and payment of fellowship awards – gfmt@bbsrc.ac.uk

<th>Attendance</th>
<th>Costing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fellowship induction</td>
<td>Organised by BBSRC. Invitations to be circulated before event.</td>
<td>2 days, once at the start of your fellowship.</td>
<td>Mandatory</td>
<td>Travel costs to be included in proposal. Accommodation will be provided by BBSRC.</td>
</tr>
<tr>
<td>Fellows’ Conference</td>
<td>Organised by BBSRC. Invitations to be circulated before event.</td>
<td>Next conference planned for June 2021. 2 days, once every 2 years for the length of your fellowship.</td>
<td>Mandatory during your fellowship. You will also be invited to attend after your fellowship has finished – this attendance is of course optional.</td>
<td>Travel costs to be included in proposal. Accommodation will be provided by BBSRC.</td>
</tr>
<tr>
<td>Mock Peer Review training</td>
<td>Organised by BBSRC.</td>
<td>Held on the day following the fellows’ conference (see above).</td>
<td>Mandatory (Discovery Fellows only)</td>
<td>A further nights’ accommodation will be provided by BBSRC. Travel costs to be included in proposal.</td>
</tr>
<tr>
<td>Responsive Mode panel meeting observation</td>
<td>It is the fellow’s responsibility to find a suitable meeting to attend before the Mock Peer Review training. This is organised in coordination with BBSRC office.</td>
<td>2 days.</td>
<td>Mandatory (Discovery Fellows only)</td>
<td>Travel costs to be included in proposal. Accommodation will be provided by BBSRC.</td>
</tr>
<tr>
<td>Media training</td>
<td>Preferably a 1-day course organised by BBSRC, or equivalent run by the host organisation.</td>
<td>To be attended during the first year of the award.</td>
<td>Mandatory (David Phillips Fellows only)</td>
<td>To be appropriately costed into the proposal.</td>
</tr>
<tr>
<td>Scientific leadership and laboratory management</td>
<td>Preferably those run by the Royal Society, or an equivalent run by the host organisation.</td>
<td>To be attended during an appropriate point in the early stages of the fellowship.</td>
<td>Mandatory (David Phillips Fellows only)</td>
<td>To be appropriately costed into the proposal.</td>
</tr>
<tr>
<td>Mid-Term Review</td>
<td>To be organised in coordination with the BBSRC office.</td>
<td>To be attended at the mid-point of the fellowship.</td>
<td>Mandatory (David Phillips fellows only)</td>
<td>Travel AND accommodation costs to be included in proposal.</td>
</tr>
<tr>
<td>Other networking events</td>
<td>You may be invited to additional events as they are organised by BBSRC. It is expected that fellows attend and present their work, whenever possible.</td>
<td></td>
<td>Expenses to be claimed after the event as appropriate.</td>
