Background

The Biotechnology and Biological Sciences Research Council (BBSRC) is one of seven Research Councils that work together as Research Councils UK (RCUK). It is funded from the Government’s Department for Business, Innovation and Skills. BBSRC’s budget for 2014/15 was £509M and it supports around 1,600 scientists and 2,000 research students in universities and institutes in the UK. Information about BBSRC’s mission can be found on our website at http://www.bbsrc.ac.uk/organisation/mission.aspx.

UK Shared Business Services (UK SBS) provides a range of services, including IT, to BBSRC and other public sector organisations. UK SBS enters contracts on its clients behalf and provides services to them.

Duty to confirm or deny

BBSRC does not hold the information requested.

Requested Information

BBSRC is, as indicated, the freehold owner of North Wyke Research land, however is not currently seeking to sell any portion of, or indeed all of, its holdings. It is therefore not possible to provide you with any further information as to acreage or price as you have requested.

Should you wish to purchase land in this area, as is believed to be the case from your enquiry, we can only recommend you contact a suitable agent within the region who will have knowledge of land which is purchasable. They will also be able to indicate to you the current market rate for what is available.

The same applies for Rothamsted also.

If you have any further questions, please contact me quoting the reference number above.

Yours sincerely

BBSRC Freedom of Information Officer
