REQUEST UNDER THE FREEDOM OF INFORMATION ACT 2000

I am writing in response to the request you made to BBSRC under the Freedom of Information Act, which was received on the 24 April 2017.

Statement of information requested

I am conducting some research to compare figures from the UK with those from other countries, and wondered if you can help me with even a ballpark figure for the question: what is the percentage of grant success for applications to national funders?

If anyone can give me an answer, I should be most grateful.

Background

The Biotechnology and Biological Sciences Research Council (BBSRC) is one of seven Research Councils that work together as Research Councils UK (RCUK). It is funded from the Government’s Department for Business, Innovation and Skills. BBSRC’s budget for 2014/15 was £509M and it supports around 1,600 scientists and 2,000 research students in universities and institutes in the UK. Information about BBSRC’s mission can be found on our website at http://www.bbsrc.ac.uk/organisation/mission.aspx.

UK Shared Business Services (UK SBS) provides a range of services, including IT, to BBSRC and other public sector organisations. UK SBS enters contracts on its clients behalf and provides services to them.
